Makes sense -- I did not recall that--

Btw -- I am still planning on coming to the PDT/PM meetings and since ST meeting day prior - I'd like to sit in on it - know it's terribly technical but might be a good session to hear in person..... hope that's ok --

(Prob will see if Eug can pick me up at nearest train station -- since I'm not NJ driving qualified) :) or not sure if you are driving over.... will figure something out --

Just spoke to Scott - he reminded me that we had decided to start with a conference call on the CSM, then follow-up with a meeting if necessary. This way, we can get Battelle involved, then evaluate whether we need them to travel to a meeting or not. So we will proceed with a call.

No, we are going to be utterly drained after the ST modeling meeting - I'd rather not add another difficult meeting right after.

Oops - meant to say that if this call/meet were held after the ST model meeting on 6 Dec (in the afternoon) - you'd have a few folks in person if you had the Edison room all day--- wasn't sure if Ray was going to model meeting---

I'm afraid that Monday 12/5 is the only day that works for Ray Basso and me.
I thought this was originally going to be a meeting?
